2014 Read-To-Me Early Literacy Program

"60 Books By September"

**Fizz Boom**

Sticker Log

For each book read, put one sticker in a bubble.

---

**How does it work?**

Between June 2nd and September 1st, try to read or listen to 60 books with your grown-up. For each book, put a sticker in this Sticker Log. If you want to remember what you’ve read, unfold this sheet and ask your grown-up to help write the titles on the Reading Log. Stop by the Tappan Library, get a sticker to wear home, and take another Book Log at bit.ly/2014booklog. If you run out of stickers, stop by and pick some up, or use your own.

**Who may join the Read-To-Me program?**

Anyone between ages 0-5 and not going into Kindergarten in the fall.

**What if I logged 60 books and filled up my Book Log?**

**What if I ran out of stickers?**

Stop by and pick some up, or use your own.

**What books may I count in my Book Log?**

Any book from anywhere. If you read it or someone reads it to you, you can count it.

**What if I logged 60 books and still want more?**

**Stop by and pick some up, or use your own.**

This publication was supported in part by funds from the New York State Library’s Early Literacy Services Program.
